Made corrections to the Regional Championship meet in December 2014 regarding lead-off swims for relays. If the relay is DQ'd the relay lead-off split will not count toward Top Ten or Records.

Received clarification regarding lead-off split requests for Championship meets. USMS requires that the split request forms be completed as required in the Rule Book. At this time, the only exception is USMS Nationals where the paper split request is not required.

Working with Administrative Officials regarding exception report received from Club Assistant. In the process of making housekeeping additions to the *After Meet* document for clarification.

In process to record all time individual fastest swims for SPMS in each gender, age, distance, stroke and course.

Top Ten Times are now posted on the USMS website for the 2014 SCM season.
