

SPMS Finance Committee Report, January 2023

1. The following grant requests have been received and recommended by the Finance Committee:
 - a. Long Beach Grunions: \$1500 for support with the SCM Championship meet in December 2022.
2. The SPMS Funding Application is being closed for the time being until a final recommendation/decision is made by the SPMSC on how to spend down our reserves.
3. Thanks to EVERYONE who participated in the 2023 Budget Planning Process. I am really proud of the work we did.
4. While I did start out as heavily active with the SPMS Survey Committee (with Arlette Godges), I have not been able to continue with that group; but they will have fantastic information to share, and the Finance Committee will work to implement whatever recommendations are put forward by the SPMSC. I am very VERY grateful to Arlette for picking up the committee when I was unable to continue.
5. I believe that the members who wanted to assist in beginning the conversation about updating our Financial/Investment Policies included Bob Eberwine and Arlette Godges. Please email me directly (ladypipes@gmail.com) if you would like to be part of this conversation over the next couple of months.
