

## **Top Ten Report - April 2023**

Reviewed and submitted the CVMM Matt Biondi to the database, the OC Riptide Pentathlon the Rose Bowl/Rays meet, and the MVN Fran Crippen meet to the USMS database. Heidi George from Pacific set two World Records for 45-49 Women at the MVN Fran Crippen meet in the 800 and 1500 LCM Free. Maurine Kornfeld broke her 100 Back record again at the Rose Bowl/Rays meet, and broke it yet again this past weekend at the Rose Bowl SCY meet. I'm waiting for USPS to deliver the mail from this weekend's ROSE meet, so those last two aren't in the database yet.

I submitted SPMS SCM rankings in early January, and final results/rankings are now in final form on USMS. If anyone finds errors, please let me know. I am finishing up the 2022 SCM rankings and should have them done shortly. They're doing some upgrades on the website, so it's been down quite a bit more than usual.

Please everyone remember to submit split requests if there is the slightest possibility of setting a record or for Top 10. They must be done before the meet ends and cannot be submitted later.

As a reminder, all sanctioned USA Swimming meets are USMS Recognized and although FINA records cannot be set at these meets, times are good for Top 10 and USMS records. If you have a dual registered athlete setting T10 or USMS records at a USA Swimming meet, they must request the meet/times be added.
